INSTRUCTIONS FOR MAILING THE FORM

When the notification form is fully completed and signed, staple any photocopies of Section VI to page one of the form (not the instructions), with page one in the front. (Please staple once in the upper right corner.) The forms may then be folded and placed in an envelope for mailing or may be folded as described below for mailing without an envelope. FOR MAILING WITHOUT AN ENVELOPE: Fold the form(s) in half along the line in the center of the page, so that these instructions are on the outside, at the top. Then fold in half again, so that these instructions are still on the outside. When you turn the folded form(s) over, Ecology's address should be in the center, with blank lines for the return address in the upper left corner. Please enter your return address, staple once where shown, place the correct postage in the upper right corner, and mail.

Jerry Lorenz
Shade Tree Enterprises Inc
P.O. Box 83
Glenwood WA 98619

Dear Mr. Lorenz:

RE: Shade Tree Enterprises Inc., Cor. of Main & Ash
ECOLOGY UST #: 7115

The Department of Ecology (Ecology) is currently reviewing files related to underground storage tank (UST) sites. Ecology is not the delegated authority over Indian Lands. The U.S. Environmental Protection Agency (EPA) is the regulating authority for UST's located within the external boundaries of Indian Reservations, inclusive of all fee and trust land, and for UST's on trust land located off the Reservation. Therefore, your site has been transferred to the EPA's Indian Lands - Underground Storage Tank Division. This Division has the responsibility for the regulation of any underground storage tanks and oversight of any cleanup activities located at this site. **If this Division is already providing regulation and oversight at this site, please regard this letter simply as a formality of closure with Ecology.**

You are no longer required to have an underground storage tank permit with the Department of Licensing, nor a facility compliance tag from Ecology (the small "license plate" you received that allowed you to get fuel deliveries). Because you are located on Indian Lands, you no longer need the facility compliance tag to receive fuel deliveries. Please return the facility compliance tag to the following address:

State of Washington Department of Ecology
Toxics Cleanup Program - Gail Jaskar
PO Box 47600
Olympia WA 98504-7600

If your site is a Leaking Underground Storage Tank site, the EPA Indian Lands - Underground Storage Tank Division will oversee any cleanup at this site. The site will be removed from Ecology's Leaking Underground Storage Tank List and will be placed on EPA's list.

Your site file will be transferred from Ecology's Regional Office Records Center to the EPA Indian Lands - Underground Storage Tank Division located in Seattle, Washington.

If you have questions about any of the information presented in this letter, please contact Jim Greeves of the EPA at (360) 753-8072 or Desiree Wells of Ecology at (360) 407-6247. If you have reason to believe that your site is **not** located within the boundaries of a Reservation or on trust land located off the Reservation, please call Mr. Greeves within one week of receipt of this letter to discuss that matter.

Sincerely,

Desiree L. Wells

CORNER OF MAIN AND ASH, GLENWOOD
Ecology UST #7115 - FS #71937163

Lat: 46.018383

The Department of Ecology (Ecology) is transferring this underground storage tank site to EPA Indian Lands - Underground Storage Tank Division. This site is located on Indian Lands, which Ecology does not regulate. Therefore, with the transfer of this site, EPA agrees to regulate this underground storage tank site and oversee any cleanup located at this site.

The site file, transferred from Ecology's CRO Regional Office Records Center, is attached. The electronic file information from Ecology's database will be transferred in the near future. The site and electronic files will be located at the EPA Indian Lands - Underground Storage Tank Division located in Seattle.

Mr. Jerry Lorenz
Shady Tree Inn
105 E. Main St.
P.O. Box 83
Glenwood, WA 98619

Dear Mr. Lorenz:

This is to acknowledge receipt of your 30-day notice of intent to close underground storage tank(s) located at 105 E. Main St., Glenwood, Washington.

We received your letter on September 27, 1990.

Your 30-day notice has been forwarded to the appropriate regional office. Field people with the Underground Storage Tank Program may visit your site within the 30-day period. However, with the many tank closures now taking place, it will not be possible to visit every site. If you have not been contacted by the time thirty days have elapsed from the date we received your notice letter (noted above), you may proceed with closure.

If you did not request a full closure packet, but would like to receive one, you may do so by calling 1-800-826-7716 (in Washington state only) or 206-459-6293. This closure packet contains a form entitled "Notice of Permanent Closure of Underground Storage Tank(s)". For your convenience, we have enclosed a copy of this form. Please complete this form and return it to the Department of Ecology when tank closure is complete.

Sincerely,

Sue L. Simms

Dear Sheri:

I plan to remove my 3,000 gallon unlead Gasoline storage tank at the Shade Tree Inn on Oct. 27, 1990 or there about. Dick Sheldon of Sheldon Petroleum Service (Ph. 503-276-4416) will provide the technique assistance on defuming and proper removal. The tank is being sold to a local Excavator for road watering.

I have a County permit in hand to do this work. Please send tank number and paper work.

Sincerely:

Jimmy W. Lounsbury
